the **bare naked** artists

The artists whose work comprised the 2014 **bare naked** show are eleven like-minded individuals who began getting together in 2009 motivated by a mutual interest in working from the model in sustained poses.

Their models hold one pose for a total of 5 hours over two weekly sessions and the traditional life studio practice of beginning with gestures is not followed.

Members of the group live in Cavan, Cottesloe, Lakefield, Peterborough, Port Hope, Selwyn and Warkworth. While their artistic backgrounds and styles are dramatically different, they find working together artistically invigorating and pleasurable.

bare naked was their first exhibit as a group although individual members show their work regularly in other group, juried and solo exhibitions. Every piece in the show had its genesis at the weekly studio.
